

“Be Inspired & Achieve Together”

2nd September 2021

Dear Parent/Carer

Re: School Synergy

We are pleased to announce that on Monday, 6th September, we will be launching a new system called School Synergy.

This new software offers a variety of features for students, parents and teachers. With School Synergy, school news and information specific to your child will be shared with you in real time.

Messages sent through Synergy will allow you to view information about your child/ren in school. These messages will often include a secure link where you can view a more detailed message. A copy of all messages sent out to parents will also be available in the Communication section on the Parent portal to ensure that you never miss any messages.

Account details will be sent out to you next week and students will be given their account details on Monday 6th September.

In addition to the new way of contacting parents, School Synergy will also be replacing Class Charts and Satchel One. Your School Synergy account will allow you to view your child's attendance, positive and negative behaviours and detention details. During the academic year, we will be rolling out new features which will allow you to communicate directly with your child/ren's teachers and access homework that has been set.

Updates on this will be sent throughout the academic year and there will be tips and hints on how to use School Synergy on our website.

Yours faithfully

Lisa Nichols
Assistant Vice Principal
