

**“Be Inspired & Achieve Together”**

14th July 2022

Dear Parents and Carers,

**Re: Student Wellbeing & Rewards Day**

With the hot weather forecast to peak next week with extremely high temperatures on Monday 18th and Tuesday 19th July, we have decided to re-arrange the timing of our Student Wellbeing & Rewards day so it can take place on a cooler day before the holidays. We will advise you separately of these arrangements.

For Monday and Tuesday next week we are now giving students the option to wear their PE kit to the academy instead of their normal uniform. I appreciate that some students may feel more comfortable wearing this in the extreme heat next week, however they will have the choice. If a student prefers to wear their normal academy uniform then they do not need to wear a blazer and also do not need to wear a tie on either of those 2 days. We will continue to monitor the forecast and advise you accordingly. In the meantime, please ensure you child comes to the academy with appropriate sun protection cream, an appropriate hat for when they are outside at breaktimes and a bottle so they can fill up with water during the day.

I thank you in advance for your support.

Kind regards,

Matt Robertson  
Principal
